“ Wendy, Marisa and Brienna..... I am so sorry for the loss of your precious Alaina. She was such a special caring soul that could light up a room with that smile and voice of hers. I was blessed to know Alaina during her time at Nebbie Williams Elem., she had trouble learning how to pronounce my name but when she finally learned how to say it her way, I absolutely loved it and will always have a special place in my heart for her!! Yes, she did love her Goldfish !! The heavens got a very special Angel , Rest In Peace sweet Alaina!! Sending each of you a loving hug and praying that you find the strength to get you through the coming days.

“ Alaina was one of my favorite students at Cain. I loved her so much. One of my favorite memories was when we were under a tornado warning and I realized she was on her way to lunch. I ran to get her from the cafeteria and was trying to get her to move quickly to a safe area. But, there was no moving quickly with Alaina. I had to get behind her and push her along. I am so sorry to hear of her passing. I will be praying for you all. She was wonderful.

“ I met Alaina and her wonderful family 3 years ago when I moved into her neighborhood. My fondest memories of her was the times we would pile in the car and go out dinner at local Texas Steak House. For her birthday, for Christmas my roommate and I would get her Elf hats and other seasonal funny hats. Nancy and I loved her. And, we will miss her beautiful soul.

“ I have been Alaina's and Wendy's neighbor for over 10 years and have very fond memories of us going out to eat or just visiting. Her infectious laugh and especially her delight in funny hats that she loved to wear out in public are some of my favorite memories of her. We will miss her greatly.
