“ Dear Family, I am so very sorry to hear of the passing of your Dad. David was a kind, compassionate gentle man. I got to know David when he started working in the Garland Habitat Office. He was so willing to do anything needed. He just liked being able to contribute in any way he could. He loved to be on-site working on the homes, but he was not able to continue that role. David was good with auto cad and he was happy to stuff envelopes. I know he will be missed by many. My heartfelt condolences to each of you!

“ Dear David,
I have said this to you before how much of an inspiration you have been. The multitude of interests you had, from gold mining, bird watching, meteorology, and into the space beyond were contagious. We did not know each other but for a short while. However, I will remember the time we did share with fondness and a smile. I will never forget having morning coffee on the back porch watching the birds and squirrels at your feeder, eating Chinese food at the Royal Buffet, or touring the Texas tornado damage. I know you will look down and see Ranger happy in his new home being the regal dog that he is. Thank you David for the great memories!

“ Martin,
My heartfelt condolences to you and your sisters. I know you had a special relationship with your dad and really enjoyed going out to visit and spend time with him and make sure he and Ranger were doing well. Parents appreciate those loving gestures I know you are missing him very much. I am truly sorry for your loss. You have been in my thoughts and prayers. Rest in peace, David.

“ My memories of dad will be his vision to create beauty in things that most people can't imagine or see. He had a wonderful attention to detail and imagination. He never complained about his condition or his circumstances. When he got pneumonia and found out he was terminally ill, the first thing he said upon our arrival at the hospital was, "Sorry you guys had to come out from Phoenix." Little did he know that there was no distance too far, all he had to do was ask. Love you, dad. Rest in peace. You will be missed. Your son, Martin Landis

“ My grandfather was the best man I know. I'll never forget all the times you picked me up from school and helped me with my homework. Took me to the book store to get books for my science project. The many times you took me school shopping. I love how much you love science and it made me love it. Looking at the Stars, taking me to Six Flags for my birthday, there's so many more memories I could say but I love you grandpa. I'll miss you everyday.

“ I have so many wonderful memories with my Dad. He was always a positive influence in my life. I remember from when I was a small little girl going to the train store and a grown woman to mineral shows. My father was the most intelligent man I have ever known. I will miss him dearly.

Your daughter,
Barbara Ballard
