“ So many of my memories from growing up in Kaufman involve Jack, from riding bikes in the neighborhood with Mel and Wayne and playing sports in the empty lot across the street from my house in elementary school to countless junior high and high school memories. He is such a big part of all of our memories and is just a part of who we all are. We will always miss him and will never forget him. Prayers for his family. I am so sorry for your loss.

“ I think I fell in love with Jack the first time I saw him. I worked at Brookshire's during high school (1984) and his sweet little parents always came to my "line" to check out. Next thing I knew he was working there too. He asked for a ride home after work one night (I was one year older and already driving) and the rest as we say is history. I am flooded with so many memories and remembering some very special times. We were so very young but he will forever be in my heart. Prayers to his sweet family and most importantly his wife and daughter as they have experienced an enormous loss. Rest in peace Jack and know you will missed by so many!!

“ Did not know you very long, but I know you were a very good man. You loved you wife and daughter and took good care of them. You had a great smile and a laugh that made people smile just to hear. You will be greatly missed. I love your little wife and will try to be here for her if she needs me.
Tell my son "William Conn" mother loves him.

“ Mack, I remember meeting you at Keller's and was immediately drawn to you (must've been the long goatee, piercings, and tattoos!) and your outgoing and fun personality. I met your wife shortly thereafter, we bonded over musical theater and dance! I love the both of you. The fun 'pool/BBQ' nights at the Mackey Manor and "wind therapy" rides that we went on are forever ingrained in my heart - my most fondest and funniest memory of you is, was around 9am at the Mackey Manor and you offered me a "Mackey Coffee" before our ride to Terrell, as a coffee connoisseur, I said, "YES, please!" Well, little did I know that I would find a nice, cold one in my hand! We joked that our definitions of coffee were polar opposites. Anytime now that I have a "Mackey Coffee," I will think of you. I didn't know you for long but that doesn't matter, the time that I have known you, you made an impact on my life. I love your care-free spirit and attitude but I also know that you would have given me or anyone else in need the very shirt off of your back. Because that's just who you are. Even though you are in heaven now, riding Harley's with Jesus, I still miss and will miss you forever. I promise to watch over Trish and Hayle and to check in on them, I love them as if they're my own family. Every time I see them, I will also see you. I won't ever forget you and your contagious smile and most importantly, your sense of humor and love for your family and God. Love you and don't ride too fast for Jesus, even he can't keep up with you :) RIP, my friend!

“ Jack was a very dear childhood friend and one of our best friends in high school. There were not many days you didn't find Clayton, Mel, Patrick and Brian at his house driving his parents crazy! Then we spent several holidays with him when he was in North Carolina and we were in Virginia during their military days. We have very few memories that he isn't a part of.....we can't tell you how sorry we are for your loss. He was and is an amazing man and friend. He will never be forgotten by us or the Kaufman Class of 1987. Never say goodbye....
