“ Immediately after I met her I started calling her Momma June. She was always kind, thoughtful and generous. I looked forward to her Christmas card--always creative--always a message of hope. She had a lovely heart, smile and voice. I admired her resilience. My heartfelt sympathy.

Fondly,

“ My Mom was my hero, my friend, my example. She was always there for me, supporting me through school, my career, and in every aspect of my life. Because of her, the world was a happier, kinder place. Her passing leaves a hole in my heart and a pain that cannot be put into words. I'm hoping the support from from friends and family, time...and the countless precious memories and blessings she's left behind, will ease the pain of her loss.

Mom, be at rest now, free from your earthly ailments. I am honored to be your Daughter. You will be in my heart forever.

Your loving Daughter,

Bette

“ Because of June the world had more goodness, more kindness, more caring, more courage and more hope in it. An example of June's caring was when she came and sat with me the first day I returned home after a surgery. I slept most of the time, but when I opened my eyes June was always there. God broke our hearts to prove to us He only takes the best.

“ I called her Mrs. Hillman. Our families became friends when we lived in Cincinnati, Ohio. We always looked forward to the Hillman visits over the years. As we made one move after another mom and Mrs.Hillman would keep in touch. She was always interested in us. As years passed this wonderful family relationship continued to grow. Many more phone calls and visits, beautiful home-made cards and e mails after our move to Canada. I love you and I will miss you.
