“ "Uncle Mike." Man. am I proud that I got the chance to call him my Uncle Mike. Love is something that is critical to make a family work and Uncle Mike loved everyone in his family and friend circle unconditionally. I spent many nights hanging out with Uncle Mike having a few choice beverages and talking about anything and everything, but you know thinking back to all those nights he never had a foul word to say about anyone. He was the type of person that found the positive in everything and everyone. That is the true measure of "Real Man," is how you can love and show your love. Uncle Mike's love was real and forever. The world today could learn this from our "Uncle Mike."

I remember watching Uncle Mike dance with my sweet wife in my driveway dance floor. He had a big ole smile on his face, but I don't know if he ever knew how much those times meant to Britt. To this day she still brags on how much fun she had dancing with her Uncle Mike in the driveway that day.

You know those days when you were having a bad day, and you had a few choice words, you want to call someone, those are the days where I loved to go see Uncle Mike, because just seeing his face made all the bad thoughts go away and made me smile. I can't tell you of one time that I saw him not smiling, even the last time I saw him laying in a hospital bed he was grinning from ear to ear and making us laugh.

We all need to learn how to be a True Human Being like our Uncle Mike. He was an awesome fella. I could literally go on and on. Oh what great memories he provided. He loved his "Kid" or "Turtle Dove" so very much (Aunt Betty) something else I will never forget.

Uncle Mike, I love you very much and will never forget you or what you have taught us. I pray for your peace. I know you are in great hands for God made his mark on you....

WOW - WHAT A MAN!!!!

Love Forever,

“ I never met a single person that didn't love you. Even my neighbors called you Uncle Mike. Your presence would lighten up any room, so many great memories. There will not be a single day that goes by that I will not be thinking of you.

“ Michael Alan ~ The Man in our family since 1970. No words to express what you have meant to all of us and how desperately you will be missed. In an old Ford pickup, you taught us to drive, in everyday living you taught us about life from your own special perspective. You loved us unconditionally and encouraged us to find something to laugh about. You are the man we could look up to and admire, If you

had not come into our lives, we would have missed so much! Lord please hold him in your arms as we hold him in our hearts.
