

Steve Sexton

February 27, 1973 - May 27, 2019

Steve "Time Lord" Sexton, age 46, of Rockwall, TX, passed away May 27, 2019. He was born February 27, 1973, in Fort Huachuca, AZ, to John Sexton and Gabriela (Banda) McGinley. Steve was a loving husband, father, and grandpa. He was a jack of all trades. His friends and family will miss him dearly.

Steve has always been a visionary, a dreamer and strongly believed that "Nothing is impossible". His current passions were manufacturing, aluminum machining and working as a mechanical engineer. He was always thinking of the next project, the next design, and what the new programs or toys were out there to learn. He was always amazing on what he could learn and dream up to create! He wrote his own rules, he fought authority and he paved his own way. And if you said he couldn't do it, he would make sure he could.

His favorite pass times were climbing rocks at the beach, hiking and finding critters in the mountains, and playing in the snow. He enjoyed the slow down with movie night, taking the puppy pony to the park, and spending time with his family.

Steve will always be remembered by his wife and best friend: Angela; their precious children: Heather and Stephenie; their grandson: Mason; brother: Mickel; and his parents: Gabriela and John.

A celebration of Steve's life will be held 4:00pm Friday, June 7, 2019, at Reflections at Rest Haven Funeral Home-Rockwall Location.

“ Most of you know me, but for those of you that don't. I'm Heather, Steve's oldest daughter. I can't tell you how long it took me to write this. It's hard to find the words for a life time of memories.

My dad and I were as close as we could be, you could probably say I was his wingman, but honestly he raised me to be his mini me.

From a young age I probably did more than most kids. Dad had me in almost everything he was in. Traveling all over hunting for vintage cars, learning new computer programs, exploring nature. There wasn't much we didn't do together. With everything he did, he was a creator. His vivid imagination had no limit, and he always took anything he did to a whole new level. I can't even begin to tell you all the crazy, other worldly ideas he's had. But I will say this, his ideas were usually great.

He had big dreams for himself and his family, everything he worked so hard for was to take care of us.

He strived to be the best he could be and he set the bar so high that no one else will be able to touch it.

My dad was truly an amazing man. He was my role model. He taught me so much and we also learned a lot together. Nothing was ever easy, but he always figured out a way. He always said "Nothing is impossible". Being with Jim through the struggles and successes throughout life showed me his determination and focus. He taught me to be strong, to never lose focus, and to fight for what I want. That your dreams and goals are important and worth fighting for.

I strive to be even half the person he was, and my promise to him is to finish what we started.

I love you dad.

“ How do you write the words, to sum up 30 years, it is impossible... Although, what I can share is a little bit of the life we will always share.

Stevie, you entered my life at a very young age with that shy smile and cute little dimple. I would have never thought it would be possible, but you tamed this wild teen in a heartbeat... We are two introverts that needed nothing, but each other. You have always kept me grounded and focused, to always do my best and if I would fail, you gave me the strength and courage to do it again. You have taught me dedication, determination and to always think outside the box.

You know, you would always tell me that you are a better man for only loving one woman and you could not imagine life without me... But, what you may not realize is that I could never imagine life without you by my side, you are my husband, my best friend, my rock, my center, my life. Just like I tell you every day, you are mine always and forever!

Now let's go back to thinking about that box... Remember when you carved me a 4-foot Dr. Seuss Christmas tree to take to my work for a contest... You were so happy carving that monster and it was fascinating watching you bring that tree to life from a square piece of foam and an image you had in your head. Go big or go home, right! But, then you were so proud of me carving a 4" diameter "round" pumpkin, I think it made you so happy because I was walking in your path of creativity regardless of how simple.

Stevie, I am so lost for the right words... You have given so much of yourself to me and our amazing daughters. You know, you were always the shy, quiet type, but not with us, you have given us the light in your heart and the imagination that filled your soul and that will never be forgotten. I just hope that I was able to give you something in return, like clarity and patience. Okay, I will suck up the fact that I could never get you to stop buying cars! But, you would always step to the plate to take care of your family and in turn, you have instilled in us that "nothing is impossible" and you have shown your ever loving girls how to work in a boys world and you have provided us with the skills to keep your dreams alive. For that, we deeply admire, appreciate and thank you! Please never forget that you have left a mark, a legacy in this crazy world as intended with sheer hard work and countless hours commonly referred to "as your blood, sweat and tears". Now you may finally rest my sweet husband and we will carry on your dreams now, I just hope with all my heart that we will make you proud. We honor you today in Restomod tee shirts and sporting converse and vans...

"For those, we love don't go away, they walk beside us every day. Unseen, Unheard, but always near, so loved, so missed, so very dear". To my dearest Steve, how do I love thee? Let me count the ways... Your forever loving, Unicorn

“ Steve, you’re my partner in crime, developing parts and disrupting an industry that needs more creativity. You forever changed the custom car market. We worked well together for a long time, we shared the same passion. We still have many projects that will be finished, I’ll take over your vision and give you a rest. I got this brother.... love you

Mike R.

“ Steve’s nickname from me was “Edison” because there was nothing, and I mean nothing, he did not believe he could invent or build!!

I will miss Steven for some of his facial expressions. Rest In Peace brother until we meet again

Gary Wayman - June 06, 2019 at 08:15 PM

“ I know your Mother-in-law, Margariet Robinson and she has said soo much about what a great family life you created with your wife (her daughter) and children. God guide you in your next life and know that you have made the world a better place by the love and devotion you have shown your wife and children. We are all here such a short time and after this life, we will know and be known by those we have helped along the way.

“ What can I say on this beautiful warm summer day? I am sitting in my yard swing early in the morning enjoying the songs of the birds and their flights in the air, my cat is curled by my side, peacefully sleeping. The flowers are blooming, pinks, whites, reds, yellows, blues, lavenders, and purples too. The oaks are standing tall and majestic with different beautiful shades of green. There is a small pond across the street sparkling its' water at me, beckoning me to come and dip my feet in its' cool water. There is still a few citrus blossoms and their fragrant perfume if filling the air around me. All of these sights and sounds and smells are filling my senses and bringing such joy to my soul! The cat has awoken and left the swing.....I look and see the empty spot left next to me which brings me back to current reality. It pulls on my heartstrings so hard and makes me cry in grief and hurt as my beautiful young daughter, just barely 44, has lost her life partner of 30 years!. The man that has been by her side through all of those growing years has gone back to his creator and has left an empty spot, for now, in the lives of her and her family, young and old, and in a flood of tears. For the loss of such a beautiful man, so strong, so creative, so supportive of his family and others, it truly hurts! I know that time will take away their pain of griefand their memories of Steve, the son, the husband, the father, the grandfather, the brother, the friend, will remain in their hearts forever and when they think of Steve, they will see his beautiful smile, and they will hear his happy laughter and they will smile and say, "Steve, a beautiful man, a happy man, a job finished and well done!", and their life will go on carrying his smile and his memory and "All will really be well!"
