“ Spiritual and kind. Blessing all of us at Mary Kay with the most beautiful benedictions prior to many Mary Kay functions. That is how I remember Terry. During my tenure at MK many years ago, I appreciated Terry's insights and contributions, making our work more efficient and a fun place to work. He leaves a legacy of touching so many lives and imprinting such a beautiful memory of his love and caring for all.

“ My Precious Terry

if there were only words to let you know how much I love you. Never could I have been more proud of a son if you would have been my blood but you don't always have to be blood to be family. For when God Blessed me with the Friendship of your Mother some 70 plus years ago little did I know that I would get to be a Mom to a wonderful son.

I still remember the day you were born and when I got to meet you as time passed and Gary came along I was excited to keep you while helping your mother as she worked little to say it was interesting for it was a bit busy with you both and the girls but did we have some fun times and made so many memories.

Some of which well that was a pack we promised we would keep between us for I know that is why you loved me so for I never would tell on you. HA HA.....I guess that is why your Mother and I greyed so early well mainly me for your Mother never really had grey hair. For she always let me know I was older.

I watched as you became an awesome man you remained close to the Lord with your Christian up bringing which made your Dad and Mom so proud. A Family man in all you did was such a joy seeing God being the center of all that you did.

Watching you excel at work home church was a joy so many admired you and I always heard nothing but kindness spoken about you for you were a awesome son.

And with that Terry I want to thank you for all the LOVE you showed me thru the years for what a honor it was to have the joy of a Son who was give Life by my Sister and she shared you with me. That is quite a HONOR.

I pray you know the Love i have for you is like the love of a Mother.

Forever will I cherish the memories we made and the Love I have for you I will carry with in my Heart forever.

So I look forward to the day I will see you again.

Look for me

Love Forever my Sweet Son

“ Our Dear Brother

We know there is not enough paper to write all the things we did or could not think to do

as we were growing up. But what a blast we had.....WE could never ask for a more loving brother than we had with you. Well maybe Gary is pretty special also. Our life is so blessed by the friendship that was started years ago by our mother's 70 plus years ago and for that we are so blessed and thankful for that was a God made friendship made for a lifetime.

As time seem to fly by we then all married and have families of our own; what a joy it was for us to share our time together at our family dinners. Making new memories with our kids, and sharing our good times with them.

You always were there when we needed you. And that is what a brother does, of course they don't have two at a time, but you handled it. I guess God was preparing you for your twins.

You inspired so many and they looked up to you for the awesome husband, father, grandfather and Christian man that you were.

Not a day of our lives has gone by that you were not thought about and prayed for because we knew how blessed we were that God had allowed us the joy of being part of your life.

You are and forever will be a blessing we will hold all the memories close to our hearts full of love for eternity.

So this is not goodbye see ya Terry

WE LOVE YOU

Joni & Toni
